Notes I spoke with the business owner's son, Omar Farooq 071783, who was working at the store. He advised that his father and him had no issues with the laborers being in the store and in front if it.

I spoke with DA Kathleen Marx-Sharp. She stated that the business owners allowing the subjects on the property would nullify the trespassing sign. The sign, which is on the east side of the building reads "SE PROHIBE LA ENTRADA" which translates to "DO NOT ENTER". The signs says nothing of loitering or hanging out in the area. She advised that Galveston County would only take charges where the subject was advised that it was illegal for them to be at a location in english and/or spanish. It was confirmed that they understood. It was documented that they were given a Criminal Trespass warning. DA Sharp said that the signs did not alone give enough cause to arrest. She was concerned whether the suspects were actually able to read and whether or not the signs were in spanish and expressed the meaning that is needed in the situation.
