

Hurricane Ian: Applications for Individual Assistance - 10/8/2022

Total Applications: 357,140
New applications since last week: 275,029
Total Inspections: 16,430
New Inspections in the last week: 16,430

Most affected counties, adjusted for population:

Lee - 103,208 applications (35.72/100 households)
 Charlotte - 26,784 applications (33.56/100 households)
 Desoto - 4,149 applications (33.40/100 households)
 Hardee - 7,911 applications (28.89/100 households)

Notes:

- The Tampa and Orlando areas recorded huge numbers of applications, but fewer per household than Fort Myers/Cape Coral.

- Overall, there are 10.7 applications for every 100 households.

- In the most heavily affected counties, applications from renters are proportionately represented. In Tampa and Orlando, renters are overrepresented.

- Mobile Homes are proportionate to total housing stock.

- Volusia, Orange, and Lee Counties have had the most inspections with more than 2,600 each.

- Charlotte and Hardee have had only 70 and 79 inspections, respectively.

- 55,000 applications for housing assistance have been initially denied because the applicant has homeowner insurance.
